

PUBLICATION OF MANUSCRIPTS IN THE POLITEYA COLLECTION (Editorial CSIC)

CALL FOR MANUSCRIPTS 2026

The Collection "Politeya", edited by the Spanish National Research Council (CSIC), opens the annual call for submission of original manuscripts resulting from research projects in the fields of Sociology and Political Science, for potential publication in this collection in the 2026 call.

This call is open to any text in **book** format (reworked doctoral theses in essay format, essays, edited volumes, texts synthesising the results of research projects, etc.) within the various disciplinary areas of Sociology and Political Science.

The submitted manuscripts must be original and must not have been previously published, either partially or in full, in any format (printed or electronic, including institutional repositories). They may be written in either Spanish or English.

As a collection published by the CSIC, the texts published in the "Politeya" Collection are sent to Thomson Reuters for possible inclusion in the "Book Citation Index" (BkCI).

SUBMISSION OF MANUSCRIPTS

The manuscripts must comply with the submission guidelines published alongside this Call on the IPP-CSIC website, and should be sent by email in PDF format to both the Director, Roberta Perna (roberta.perna@csic.es), and the Secretary of the collection, Elena Corera (elena.corera@cchs.csic.es).

The document containing the text must not include any information about the author(s), only the title of the work. A separate document should include the title of the work, the name and institutional affiliation of the author(s), as well as contact details (telephone number and email address).

Recommended maximum length: 150,000 words.

Deadline for submission of works: 6th March 2026.

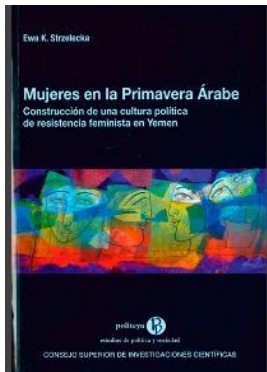

EVALUATION OF MANUSCRIPTS AND PUBLICATION DECISION

The manuscripts will be evaluated based on academic excellence criteria, including anonymous review by two external referees selected by the Editorial Board of "Politeya" based on their expertise in the relevant disciplinary field of the study (double-blind peer review). After reviewing the referees' reports, the Editorial Board will select the

manuscript to be proposed to the CSIC Publications Service for publication, reserving the right to declare the call void.

The final decision of this evaluation and selection process will be made before 15th September 2026 and will be notified to the applicants.
